

EUROPEAN CAREER EXPO

On March 29, 2018 Florida International University organized an informative and well prepared European Career Expo. Many Consulates and businesses from Spain, Italy, Germany, the Netherlands, France and Poland participated on the panels and in student exchange sessions.

Prof. Markus Thiel, Director, Politics & International Relations, European & Eurasian Studies Program at FIU opened the forum. He was followed by presentations on International Careers in Diplomacy, International Careers in Business, and European Perspectives. Later in the program students and employers shared

experiences working in Europe and how it transformed their lives.

Mrs. Beata Paszyc, Honorary Vice Consul of Poland, distributed brochures, books and information about study abroad programs as well as working opportunities in Poland. She also promoted the activities of The American Institute of Polish Culture such as the cultural events, publications and lectures at FIU. Many students visited the Polish booth and were very interested in considering Poland as a career or academic destination.

A networking session and lunch concluded the FIU Career Expo.
