

Lady Blanka Rosenstiel

Royal Jubilee - 50 years of Reign

The 50th International Polonaise Ball "Royal Jubilee" is a special tribute to the living legacy of Lady Blanka Rosenstiel, who has reigned for five decades as the Founder and the President of The American Institute of Polish Culture.

It is thanks to Lady Blanka's passion, devotion and financial support that thousands of cultural and educational events such as the Polish Lecture Series at various universities, scholarship programs, film screenings, theater performances, exhibitions and publications have been organized and sponsored in South Florida and beyond.

For 50 years, The International Polonaise Balls have gathered distinguished guests including heads of states, royalty, Nobel Prize laureates, diplomats, artists, scholars, scientists, educator's, government officials, activists and friends and members of the Institute.

The themes of each Ball amassed to over 40 countries including Argentina, Brazil, China, Canada, France, Greece, India, Italy, Japan, Mexico, Spain, and United Kingdom. It paid tribute to Native American Indians, the local Cuban Community in Exile, as well as highlighted Polish contributions in Latin America, the First Poles in North America, and showcased architecture, cinematography, opera and technology of Poland.

With much gratitude, appreciation and true admiration.

Long Live Lady Blanka!
